DATE: July 2017- August 2018  
 CLIENT: Otakaro  
 LANDSCAPE ARCHITECTS: Jasmx in collaboration with Landlab  
 PROJECT REFERENCE: Cameron McLean, Otakaro

Evolution Square, located on Tuam Street between Little High eatery and EPIC is a inner city gathering space to sit, relax, meet as well as cater to live music events, markets and outdoor eating.

The site forms part of the much larger South Frame project which focuses on a green, people focused and a well connected inner city centre.

Walkspace designed and supplied all the street furniture elements including the Corten garden beds, Pink and Grey Bleachers, Reclaimed Wharf Pile Poles, Recycling Bins, Bike Racks, Deck benches and Signage.

The bleachers text "The sunrise" and "Four Minute Blue Cylinders" contain a subtle nod to the sites colourful past.

As always, if you require any further information, or would like to discuss your requirements don't hesitate to contact the team at Walkspace
